FJ Cruiser

# Three SUVs that make things better

Toyota SUVs are built rugged and ready for any job, no matter how difficult. Take a look at the 2013 FJ Cruiser, 4Runner and Sequoia – three impressive vehicles that are ready for any adventure.

Steeped in Toyota Landcruiser heritage, the FJ Cruiser is always ready to tackle Canada's most rugged terrain. Then there's 4Runner, equipped with advanced technology to handle whatever you can throw at it – in comfort and style. And finally there's the full size Sequoia, which lives up to its name with power, versatility and luxury features that make it stand out from the pack.

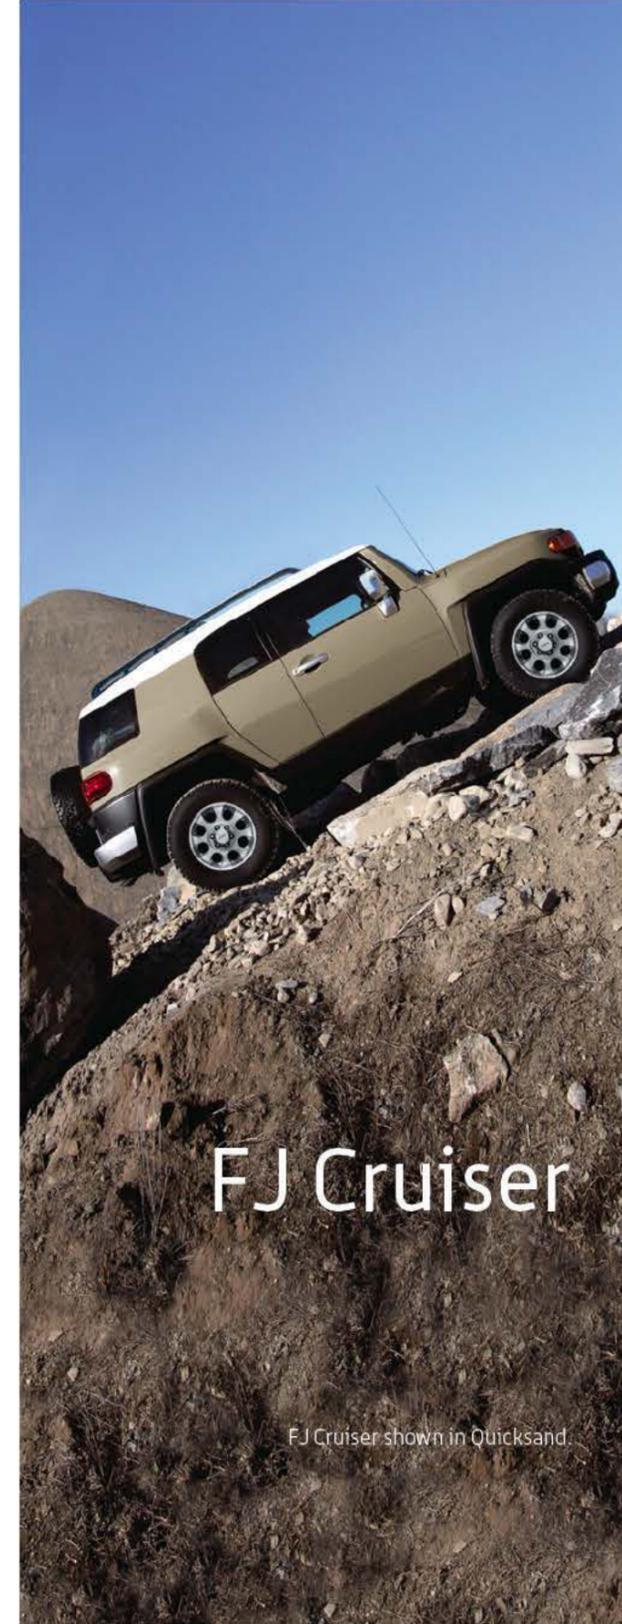

Toyota's commitment to safety is demonstrated through our innovative Star Safety System™, and our dedication to reliability is proven by the fact that over 80% of Toyotas sold in Canada in the last 20 years are still on the road today\*. Those are just a few reasons why you'll feel more confident than ever sitting behind the wheel.

Make your choice. The 2013 FJ Cruiser, 4Runner and Sequoia. Like every single one of our vehicles, they're built to make things better. It's just how we approach everything we do, every day.

#### FRONT COVER

Sequoia Platinum shown in Silver Sky Metallic. 4Runner SR5 V6 Trail Edition shown in Classic Silver Metallic. FJ Cruiser with optional equipment shown in Cavalry Blue.

\*Based on R. L. Polk Canadian Vehicles In Operation and new registrations MY 1993-2012 as of June 30, 2012.

FJ Cruiser

FJ Cruiser shown in Quicksand.

4Runner

4Runner SR5 V6 with Limited Package shown in Shoreline Blue Pearl.

Sequoia

Sequoia Platinum shown in Pyrite Mica.

# FJ Cruiser

Tackle even the most rugged terrain.

Whether you are travelling through uncharted wilderness paths, or the unpredictable urban asphalt jungle, the 2013 FJ Cruiser is capable of handling virtually any type of road condition. Its interior embraces an active outdoor lifestyle with its easy to clean water repellent seat covers and

rubber type flooring. Space should never be an issue with FJ Cruiser. It seats you and four passengers comfortably and if additional room is needed for your equipment, the rear seats can fold down to give you 1.89 cubic metres (66.8 cubic feet) of cargo space.

FJ Cruiser with optional equipment shown in Cavalry Blue.

**STEERING WHEEL CONTROLS**  
Everything is at your fingertips thanks to the convenient steering wheel mounted Bluetooth®3 and audio controls.

## INTERIOR

FJ Cruiser interior shown in Dark Charcoal fabric with colour-keyed centre audio and climate control console.

## PLENTY OF SPACE

The spacious 1.89 m<sup>3</sup> [66.8 cu.ft.] of cargo space comes in handy for storing all your gear.

## MULTI-INFORMATION DISPLAY

The optional dash mounted multi-information display features an outside temperature gauge, inclinometer and compass to help you familiarize yourself with your outside surroundings.

4Runner SR5 V6 with Limited Package and accessory roof rail cross bars shown in Magnetic Grey Metallic.

**DVD NAVIGATION SYSTEM\* WITH BACKUP CAMERA**  
Make getting lost a thing of the past with the available Voice-activated DVD Navigation System\* with backup camera, which includes XM® Real-time Traffic Capability\* and a 4-disc CD changer.

# 4Runner

Built for adventure, both on and off the road

Survival in the wilderness favours the strong. Thankfully the 4Runner SR5 V6 is engineered to rise above the elements and overcome almost any obstacle. Beneath its rugged exterior, you'll find a durable body-on-frame construction and advanced traction technologies for true off-road capability. Under the hood is an impressive

270 hp V6 Dual VVT-i engine with 278 lb.ft. of torque, which simultaneously optimizes both power and fuel efficiency so you can have all the muscle you need. Inside, the luxurious and spacious cabin features increased head and hip room so that everyone can experience first class treatment while still roughing it in the outdoors.

**SMART KEY SYSTEM**  
Unlock doors, open or close the power sliding rear window all at the push of a button with the available Smart Key System.

**MULTI-TERRAIN SELECT**  
4Runner offers two available driver features to handle specific off-road conditions. The Multi-Terrain Select lets you choose from four terrain modes: Mud and Sand, Loose Rock, Mogul, or Rock. For off-road obstacles, the Crawl Control modulates the electronic throttle and brakes, so that you can focus more attention on steering.

**VERSATILE SEATING**  
4Runner's versatility is evident in its second-row seat. Recline it and relax. Or fold its 40/20/40 seat sections to create a variety of passenger and cargo-carrying configurations.

**CARGO SPACE**  
4Runner's spacious rear cargo area is available with a sliding rear cargo deck that can hold up to 200 kg [440 lb.].

# Sequoia

Bigger is better

Mountain roads, mud-caked trails and water-slicked asphalt. With its 5.7 litre i-Force V8 engine, the 2013 Sequoia can tackle any adventurous landscape, even when the going gets tough. Whether you choose the SR5, Limited, or Platinum model,

every Sequoia features a cavernous cabin that comfortably seats up to 8-passengers, includes a sophisticated Tri-Zone climate control system for the driver, front and rear passenger areas and has up to 3.42 m<sup>3</sup> [120 cu.ft.] of cargo space.

Sequoia Limited shown in Pyrite Mica.

#### PREMIUM FEATURES

The Platinum model hosts an array of premium features like heated front and second row perforated leather captain seats, 2nd row centre console, driver's seat memory system, JBL® audio system and a woodgrain and leather-wrapped steering wheel.

#### NAVIGATION SYSTEM\* WITH BACKUP CAMERA

Sequoia is available with a 7-inch high-resolution touch-screen Navigation System\* with integrated backup camera.

#### REAR SEAT DVD ENTERTAINMENT SYSTEM

Sequoia is available with a second-row seat 9-inch DVD entertainment system.

#### VERSATILITY

No matter what you've got planned, Sequoia is happy to oblige. Both the sliding second-row and third-row seats fold flat, making it easy to load and unload all the gear your road trip requires. And the split-fold seat design lets you choose how to stow your cargo: upright or flat. Of course, with its spacious interior and reclining second- and third-row seats, Sequoia is as accommodating to passengers as it is to cargo.

#### FRONT SEAT CONSOLE

The front seat console offers climate controls and cupholders for those in the second row.

#### CARGO SPACE

With the press of a button, the power liftgate gently releases upward to allow for easy access to the cargo bay. For bulkier items, create additional cargo space with the power flat folding 3rd row split bench seat.

# Safety

## **STAR** SAFETY SYSTEM™

2013 FJ Cruiser, 4Runner and Sequoia come standard with the Star Safety System™. This integration of active safety features is designed to protect occupants by helping drivers avoid accidents in the first place.

### **VSC** VEHICLE STABILITY CONTROL

Helps prevent slips and loss of traction by reducing engine power and applying the brake force to the wheels that need it.<sup>5</sup>

### **TRAC** TRACTION CONTROL

Helps maintain traction on wet, icy, loose or uneven surfaces by applying brake force to the spinning wheel(s).

### **ABS** ANTI-LOCK BRAKE SYSTEM

Prevents brakes from locking up by “pulsing” brake pressure to each wheel to help you stay in control in emergency braking situations.

### **EBD** ELECTRONIC BRAKE-FORCE DISTRIBUTION

Redistributes brake force to help keep the rear wheels from locking up during sudden braking situations.

### **BA** BRAKE ASSIST

Detects sudden or “panic” braking and adds the full pressure needed to help prevent a collision.<sup>6</sup>

### **SST** SMART STOP TECHNOLOGY

Smart Stop Technology is designed to reduce engine power when the brake is firmly applied helping to bring the vehicle to a stop, even if the accelerator pedal is fully depressed.<sup>7</sup>

Toyota was the first full-line manufacturer to make all of the elements of the Star Safety System™ standard on every new vehicle.

Visit [toyota.ca](http://toyota.ca) for more details.

FJ Cruiser

FJ Cruiser Trail Teams Special Edition Package shown in Cement Grey.

The rugged FJ Cruiser is loaded with advanced safety features to help keep you in control, whether you're cruising the smooth city roads, or tackling the Canadian wilderness. It features six standard airbags,<sup>1</sup> which include: dual-stage driver and front passenger airbags, front seat-mounted side airbags, and roll-sensing front and rear head/side curtain airbags.

- Engine, fuel tank and transfer case protector plates.
- Power-assisted 4-piston front disc brakes and 2-piston rear ventilated disc brakes.
- Front seatbelt anchor height adjusters.
- Anchor points for child restraint seats.
- Active front headrests with whiplash protection.
- Side impact protection door beams.
- Direct tire pressure monitoring system.

4Runner

4Runner shown in Salsa Red Pearl.

Vehicles that take on difficult off-road terrain have to be more than just tough. The 4Runner comes standard with eight airbags<sup>1</sup> that include: dual-stage driver and front passenger airbags, front seat-mounted side airbags, roll-sensing front and rear head/side curtain airbags, and driver and front passenger knee airbags.

- Multi-mode one-touch 4WD system.
- Downhill Assist Control (DAC), Hill-Start Assist Control (HAC).
- Power-assisted 4-wheel ventilated disc brakes.
- All-position 3-point lap and shoulder belts.
- Front seatbelt pre-tensioners with force limiters.
- Anchor points for child restraint seats.
- Active front headrests with whiplash protection.
- Side impact protection door beams.
- Rear clearance sonar.
- Direct tire pressure monitoring system.

Sequoia

Sequoia Limited shown in Black.

When it comes to challenging road and traffic conditions, Sequoia helps deliver peace of mind with its standard Supplemental Restraint System, which consists of eight airbags<sup>1</sup>: dual-stage driver and front passenger airbags, front seat-mounted side airbags, roll-sensing front and rear head/side curtain airbags, and driver and front passenger knee airbags.

- Available Dynamic Laser Cruise Control.
- Rear view backup camera.
- Front and rear clearance sonars.
- Lower anchor points on all second row seats and tether anchors in all second and third row seats.
- Three point seatbelts in all seating positions. Front seats have pre-tensioner and 2-step force limiter. 2nd row seats have adjustable shoulder anchors and pre-tensioners.
- Vehicle anti-theft system.
- Available blind spot monitor system.

## Colours

### INTERIOR COLOUR OPTION

Dark Charcoal Fabric.

Please see your Toyota Dealer for details.

**Toyota Canada Inc.** Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website [toyota.ca](http://toyota.ca) – or your Toyota Dealer is your best source for up-to-date information.

<sup>[1]</sup> All Toyota vehicles shown in this brochure, have Supplemental Restraint Systems (SRS). For important safety information about the Supplemental Restraint System in a particular vehicle, please see the Owner's Manual or contact your local Toyota Dealer.  
<sup>[2]</sup> Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors.  
<sup>[3]</sup> Toyota tests certain Bluetooth® capable phones for compatibility with Toyota vehicles. Note that the recommendation of Toyota is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the phone software version or the service coverage available in your area. Some vehicles equipped with Bluetooth technology are available with bilingual compatibility. Please see your Toyota Dealer for details.

<sup>[4]</sup> The Toyota Navigation System is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Rely on your common sense to decide whether or not to follow a specified route. Detailed coverage is not available for every city or roadway. Optional periodic geographic updates are available at an additional cost. The Navigational systems in some vehicles are available with bilingual capability. Please see your Navigation System Owner's Manual and your Toyota Dealer for further details.  
<sup>[5]</sup> Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control.

<sup>[6]</sup> Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.  
<sup>[7]</sup> Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping.  
<sup>[8]</sup> X-REAS Sport Suspension does not increase payload.

## New vehicle warranty summary

No deductibles – no transfer fees

### COMPREHENSIVE COVERAGE

**3 YEARS OR 60,000 KM** This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

### POWERTRAIN COMPONENTS

**5 YEARS OR 100,000 KM** This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

### MAJOR EMISSION CONTROL COMPONENTS

**8 YEARS OR 130,000 KM** This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

### CORROSION PERFORATION

**5 YEARS UNLIMITED DISTANCE** This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

## Committed to Canadians, today and tomorrow

Being a leader in the automotive industry does not simply start and finish with making great vehicles. It also means being a leader in the community. Toyota Canada and its dealerships across the country fund non-profit programs that work to make a difference for Canadians through direct community involvement.

As part of our ongoing commitment to the environment and education, we established the Toyota Evergreen Learning Grounds program. This program is designed to transform Canadian school grounds into natural learning environments so that students can have a healthy place to play, learn and develop a genuine respect for nature. We also support Special Olympics Canada, which helps athletes reach their full potential through participation in events from a local to a national level.

Visit us at [toyota.ca](http://toyota.ca) to learn more about our programs and commitment to make things better for Canadian communities, today and tomorrow.
